WiseCargo is a 360 degree turnkey solution, designed to facilitate integrated cargo operations. The single solution can be used for all operations for cargo handling at Air, Sea and Land ports. WiseCargo has a single user friendly interface that enables easy operations for cargo ground handlers.

Available on latest Cloud technology, it provides a 24X7 global online access and visibility. Further, the solution is available on various devices, including PC, Tablets, Mobiles and other Hand Held devices giving you a complete control of your operations.

Wise Cargo’s Land Port Module is capable of managing the export and import cargo operations of land ports situated at India’s International Borders. It covers all the aspects of cargo handling from the time it is received by the custodian at warehouses situated at land ports.
